NISHIMURA Ryo 西村 涼 – drypoint –

I'm interested in themes like "life & death," "life cycle" and "eternity" so I use the special characteristics of drypoint with both weak and strong lines and the blurring of lines.

I express the polarity of things by using black & white or reversing the negative & positive or making double lines.

- 1993 Born in Kyoto
- 2016 Graduated Kyoto Seika University of Art Print Department course
- 2017 Graduated Kyoto City Art University of Arts Graduate School
